Forecast for Monday 16 May 2022

Weather: Cloudy with outbreaks of rain and showers overnight and into Monday morning, these will be locally heavy and possibly thundery. These will tend to ease through the morning, with some drier and sunnier spells developing from the south into the afternoon. Feeling warm. However, further scattered showers and thunderstorms are likely to break out later in the afternoon and evening, with the risk of frequent lightning and hail too.

Maximum wind: East to southeasterly 15-20mph, gusting 25-30mph at first, veering south to southwesterly after midday, easing 10-15mph, with occasional gusts up to 25mph.

Chance of cloud-free hill tops above 600m: 40% chance during the morning, increasing to 90%.

Low cloud and visibility: Generally good, but moderate or poor in heavy showers and thunderstorms. Becoming very good by the evening. Cloud bases down to 300-400m during the morning.

Temperature: **Valleys:** Plus 12 Celsius, becoming Plus 17 Celsius.
At 600m: Plus 10 Celsius, becoming Plus 14 Celsius.
Freezing level: Above the summits.
